Iris

We carry many different types, sizes and colors of Iris. All types prefer a sunny location.

Lilies

Oriental Lilies
are scented.

Asiatic Lilies
do not have a scent.

They both like to have their feet in the shade and the faces in the sun. Ideally one would plant some perennials in front of it to keep the roots covered. They don't like to have wet feet. They flourish longer in partial shade.

KIDZ KLUB NEWS

Saturday June 19th at 10:00:

We will be making a gift for Dad. Please bring one of his old shoes (one he doesn't wear anymore) and we will make a flower planter from it. There will be games, stories and treats.

Please sign up ahead so we have enough treats for everyone. Cost is \$3.00 per child ages 3-10.

Please Note: This will be the last Klub meeting until September.

Give us a call if you would like to be on our e-mail list. Specials, coupons and information available.

Looking for a special anniversary gift?

Why not give the "Rose of the Week" gift or for a more elaborate gift why not "Flower Arrangement of the Month"?

They both will be a welcome surprise.
